POST N°1

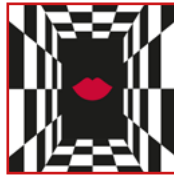

POST N°1 - (1080x1080) :

A free figure, explorer of avant-garde trends who breaks taboos and barriers in the name of an art that is in perpetual transformation. That which is true for Chantal Thomass is also true for Jaquet Droz.

Jaquet Droz and Chantal Thomass combine disruptive watchmaking and irreverent pop art fashion.

POST N°2 - (1080x1080) :

We were destined to meet. The result of this union is a unique piece, an automaton set with diamonds and minerals that is a hypnotic manifestation of master craftsmanship and fashion.

"This creative alchemy has given life to the "Ronde des Baisers" watch whose aura exudes both hypnotism and poetry: It is a rare object that celebrates all kisses – stolen, given, lost, hidden or kept in the heart!" Chantal Thomass

POST N°3 - VIDEO :

"La Ronde des Baisers" automaton

This "Ronde des Baisers" is a precious tourbillon, an intimate creation that reflects my own universe: audacious, refined and resolutely "me". Chantal Thomass
